HOW TO WATCH ADS?

Step 1: Choose your preferred plan.

Step 2: You'll receive daily ads under the "Your Ads" section in the navigation bar.

Step 3: Watch the ads in your dashboard to earn instant rewards, which will appear directly in your account balance. You can withdraw your earnings anytime to your preferred crypto wallet.

Note: You'll also receive the same ads as your downline based on the plan they purchase. This means you'll be eligible to view those ads as well and earn additional rewards.
